During the past year about 50,000 Americans went from the United States to Canada. Most of these set tled upon farm lands, and the writer is informed by agents of the Canadian Government that the greatest success has followed the efforts of nearly all. To their friends on this side of the boundary line the fullest assurance is given of the prosperity that is in store for them. There will always be a splendid market for all the grain, cattle, and other produce that can be raised in Western Canada, and with the advantages offered of a free homestead of 160 acres of land, and other lands which may be bought cheaply, an excellent climate, splendid school system, educational advantages of the best, what more is required. The husbandman gets more return for his money than in any other country in the world. On the occasion of Sir Wilfred Lau-

rier's visit to the Corn Exchange, London, England, Colonel Montgomery, V. D., made several important statements. "The function," he said, "which you have just been assisting in connection with a kindred association has doubtless shown you the importance of the provision trade of Liverpool in its relationship with the Dominion, and the enormous possibilities of the future development of that trade. Well, the grain trade of Liverpool has interests with Canada no less important than those of the provision trade. When it is borne in mind that 80 per cent of the breadstuffs of this great country has to be brought from abroad, you will readily appreciate with what great satisfaction we view the large and steadily increasing supplies of grain which are annually available for export from Canada, and I challenge contradiction when I say that of the wheats we import from Russia, India, the Pacific, the length and breadth of the United States, none gives more general satisfaction, none is more generally appreciated than that raised in the Province of Manitoba. We cannot get enough of it. and it is no exaggeration to say that there are before us dozens of millers who hunger for it. This is not the time to enter into statistical questions, but we look forward with confidence to the time at which, with the present rate of progress, the Dominion of Canada will have a sufficient surplus of wheat to render this country independent of other sources of supply. I think I may, with justifiable pride, remind you that this is the chief grain market of the British Empire. and through its excellent geographical position, as well as through the enterprise of its millers, it is now the second milling center in the world.

Send to any authorized Canadian Government agent for copy of Atlas and information as to railway rate,

Reunion of Alden Family.

At the reunion of the descendants of John and Priscilla Alden, held at Ross Park, near Binghamton, N. Y., last week, there was present a representative of the sixth generation from John Alden, who was born in the town of Windsor, Broome county, on March 28, 1815. The oldest living descendant is Timothy P. Alden of Binghamton and the youngest Florence Alden, 20 months old. Members of the family attended the reunion from all parts of the country.

Three Years in Making.

In the treasure room of the Maharajah of Baroda is stored a piece of woven work which cost £200,000. It is only 10 feet by six feet in size, but it is woven from strings of pure pearls with a center and corner circles of diamonds. It took three years to

From What Low Uses. Fashion was the old name for a certain disease of the horse. It is alluded to in "The Taming of the Shrew," where Petruchio's horse is said to be "infected with the fashions." The complaint is a common one now, but not among horses.

.. The Most Common Disease. Yorktown, Ark., Feb. 29th.—Leland Williamson, M. D., a successful and clever local physician, says:

"There is scarcely another form of disease a physician is called upon so often to treat as Kidney Disease invariabily prescribe Dodd's Kidney Pills and am not disappointed in their effect for they are always reliable. I could mention many cases in which I have used this medicine with splendid success, for example, I might refer to the case of Mr. A. H. Cole.

"Age 31, greatly emaciated, some fever, great pain and pressure over region of Kidneys, urine filled with pus or corruption and very foul smelling and passed some blood. Directed to drink a great deal of water, gave brisk purgative and Dodd's Kidney Pills. The pills were continued regularly for three weeks and then a few doses every week, especially if patient felt any pain in region of Kidneys Cured completely and patient performed his duties as farm laborer in

four weeks." "Dr. Williamson has been a regular practitioner for over twenty years and his unqualified indorsement of Dodd's Kidney Pills is certainly a wonderful

tribute to this remedy Market for Our Sweet Potatoes. James J. Davidson of Swedesboro,

N. J., recently shipped three barrels of sweet potatoes to London. One barrel was packed in fine sawdust, another in coarse sawdust, and the third in tissue paper, the same as oranges are packed. All in good condition, but those packed in coarse sawdust were in prime shape. Englishmen will eventually have Gloucester coun-"sweets" as a regular side dish with American beef and mutton.

Seed Distribution Vindicated. The Agricultural Department's seed distribution scheme has been gloriously vindicated by a Missouri farmer, who, from seed sent him by a con-

gressman, taised a radish weighing five pounds, and measuring twentyone inches long and eleven and a hall

Damage Done by Glacier Stide. Recently two serious glacier slides took place on the northern slope of the Kasbek Mountain, in the Caucasus Russia. Two thousand sheep, sixtynine horses, and thirty-seven human beings were buried under the falling

mass, which blocked up the river The Oat Wonder.

The Oat Wonder.

The Editor must tell its readers of this marvel. It originated with the largest farm seed growers in the world, John A. Salzer Seed Co., La Crosse, Wis, It has stiff straw, stands up like a stone wall, is white, heavy, and has long cars, filled to the tip with fat, plump kernels. It is a great stooler, 80 stocks from one kernel.

IF YOU WILL SEND THIS NOTICE AND

IF YOU WILL SEND THIS NOTICE AND 10c IN STAMPS to above address, you will get a sample of this Out Wonder, which yielded in 1903, in 40 States from 250 to 210 buper acre, together with other farm seed samples and their big catalog. (W. N. U.)

A COMRADE OF GENERAL GRANT

daily between St. Louis, Los Angeles and San Francisco. Particulars from Says: "I Do Not Believe Pe-ru-na Has a Superior for Catarrh."

BENJAMIN F. HAWKES.

Benjamin F. Hawkes, of Washington, D. C., is One of the Three Living Comrades of General Grant in His Cadet Days at West Point

In a recent letter from 611 G Street. W., Washington, D. C., this vener-

able gentleman says of Pernua: "I have tried Peruna after having tried in vain other remedies for ca-tarrh, and I can say without reservation that I never felt a symptom of relief until I had given Peruna the simple trial that its advocates advise. I do not believe it has a superior, either as a remedy for catarrh or as a tonic for the depressed and exhausted condition which is one of the effects of the disease."-

a recent letter from 611 G Street. have come to rely upon it almost entirely for the many little, things for which I need

"When epidemics of la grippe first be-an to make their appearance in this centry I was a sufferer from this, dis-

ease.
"I had several long sieges with the grip. At first I did not know that Peruna was a remedy for this disease. When I heard that la grippe was epidemic catarri, I tried Peruna for la grippe, and found it to be just the thing. -Isane Brock.

Pe-ru-na Used in the Family for Years.

SAAC BROCK, a citizen of McLenant County, Texas, has lived for 114 years. In speaking of his good health and extreme old age, Mr. Brock says:

"Peruna exactly meets all my requirements. It protects me from the evil effects of sudden changes; it keeps me in good appetite; it gives me strength; it keeps my blood in good circulation. I have taken it every spring and tall for four years and i find that it keeps me robust, strong, with splendid appetite, and free from any illness. A few years ago it cured me of catarrh of the stomach, which the doctors had pronounced incurable. I am very much pleased with Peruna. I am 87 years old."—Mrs. E. West.

Pe-ru-na is a Catarrhal Tonic Especially Adapted to the Declining Powers of Old Age.

In old age the mucous membranes be-ome thickened and partly lose their func-

ion.

This leads to partial loss of hearing,
mell and taste, as well as digestive dis-

Peruna corrects all this by its specific operation on all the mucous membranes of the body.

One bottle will convince anyone. Once used and Peruna becomes a life-long used and peruna becomes a life-long

One bottle will convince anyone. Once used and Peruna becomes a life-long stand-by with old and young.

Mrs. F. E. Little, Tolona, Ill., writes: "I can recommend Peruna as a good medicine for chronic catarrh of the stomach and bowels. I have been troubled severely with it for over a year, and also a cough. Now my cough is all gone, and all the distressing symptoms of catarrh of the stomach and bowels have disappeared. I will recommend it to all as a rare remedy. I am so well I am contemplating a trip to Yellow Stone Pack this coming season. How is that for one 71 years old!"

In a later letter she says: "I am only too thankful to you for your kind advice and for the good health that I am enjoying wholly from the use of your Peruna. Have been out to the Yellow Stone National Park and many other places of the west, and shall always thank you for your generosity."—Mrs. F. E. Little.

Strong and Vigorous at the Age of

Strong and Vigorous at the Age of Eighty-Eight.

Rev. J. N. Parker, Utica, N. Y., writes:
"In June, 1901, I lost my sense of hearing entirely. My bearing had been somewhat impaired for several years, but not
so much affected but that I could bold
converse with my friends; but in June,
1901, my sense of hearing left me so that
I could hear no sound whatever. I was
also troubled with severe rheumatic pains
in my limbs. I commenced taking Perruna and now my hearing is restored as
good as it was prior to June, 1901. My
rheumatic pains are all gone. I cannot
speak too highly of Peruna, and now
when eighty-eight years old can say it
has invigorated my whole system."—Rev.
J. N. Parker.

Mr. W. B. Schnader, of Terre Hill, Pa.,

Mr. W. B. Schnader, of Terre Hill, Pa., writes:

"I not sick every winter, and had a spell of cold in February, 1859, I could not do anything for almost two months. In December, 1859, I saw one of your beoks about your remedies. Then I wrote to Dr. Hartman for advice and he wrate that I should commence the use of Peruna, and how to take care of myself.

"I did not lose one day last winter that I could not rend to my stock. I am sixty-three years old, and I cannot thank you too much for what you have done for me."

If you do not derive prompt and satisfactory results from the use of Feruna, write at once to Dr. Hartman, giving a rull statement of your case and he will be pieceed to give you his valuable advice gratis.

Address Dr. Hartman, President of the Hartman Sanitarium, Columbus, O.
